Two tours in August were successful for community members and staff.

Relocation plans for next spring and summer are in the works. Stay tuned.

Plan now to help your favorite k-8 teacher pack up their classroom for next summer's construction activities! The entire elementary will be closed again next summer due to hazardous material removal and renovations at all restrooms, library, multipurpose room, and select classrooms. There may be an opportunity for a "book brigade" to relocate the elementary library books for the summer.

Public library renovations will take place next summer as well.
