

5-8 TIGER BEAT

NOTE FROM MR. FISHER

This week we focus on the letter I in “Be a T.I.G.E.R.” The letter I represents *Integrity*. In conversations with students, we defined integrity together as being able to do the right thing regardless if others are watching or not. How we carry ourselves and how we act reflects who we are as individuals and also reflects upon the family, the school, and the community we represent. As your principal, I see a lot of high-integrity students within the halls and classrooms of Manhattan. We all have moments of mistakes, making choices we wish we could have back. Moving forward from those choices with integrity allows us to learn and improve for the next time. Thank you for choosing to do the right thing when you do!

GO TIGERS!

- Mr. Fisher
